Dear Mr. Newhouse:

It is with very real personal regret that I inform you of the Navy's inability to retain you on active duty in your present temporary status during the fiscal year 1950.

This decision was made necessary solely because of unavoidable budgetary reductions in appropriations for the Navy, and a consequent mandatory reduction in the personnel ceiling. It is in no way to be construed as a reflection upon the performance of your duties, and the Navy will not forget that you gave unstintingly of time and effort. I hope that you will continue to serve the Navy where your support is needed as never before.

Your temporary appointment will be terminated on 31 December 1949. If you are eligible for retirement, and so desire, you should submit your request to reach the Bureau at the earliest practicable date but not later than 10 November 1949. If you do not retire you may expect to be reassigned to another billet upon reversion.

Please be assured of the Navy's deep appreciation of your loyal and honorable service.

Sincerely,

J. W. ROPER

Refs: (a) Your application for transfer to commissioned limited
duty status.
(b) BuPers Circular Letter 175-48.

1. Your application for transfer to commissioned limited duty status has been carefully considered by the Selection Board convened in April 1949 by the Secretary of the Navy. I regret to inform you that your name was not included among those recommended for appointment. However, I wish to assure you that this decision is no reflection upon your performance of duty in the Navy; nor will it in any way affect your present status.

2. The number of applicants desiring transfer to commissioned limited duty status has been far in excess of the number of appointments which can be offered. Therefore, it was necessary for the Selection Board to recommend, from among eligible applicants, only those best qualified for appointment. The decision in your case was made after a careful review of your entire record and your qualifications as compared with those of other applicants of your rank and classification or enlisted rating.

3. The interest you have shown in pursuing a naval career represents an exemplary attitude of service and patriotism. The Navy is sincerely appreciative of your contribution toward maintaining the naval establishment at a high level of efficiency during the war, the demobilization period, and the continuing period of world unrest.

1. This is to acknowledge receipt of your letter of 5 January 1960 in which you have requested voluntary retirement effective 1 April 1960. Your request is being processed for 1 April 1960.

2. Your attention is invited to the requirements set forth in subparagraph 3k of reference (a) regarding a retirement physical examination. Your request cannot be forwarded to the Secretary of the Navy for approval until a report of such examination is received. If you have forwarded a report of pre-retirement physical examination or a certified copy thereof to Pers-B52, please disregard this paragraph.

3. This acknowledgment is not to be construed as being an indication of approval of your retirement, as such action is at the discretion of the Secretary of the Navy. It would be advisable to exercise caution in making commitments in anticipation of voluntary retirement until you are in receipt of retirement orders.

4. Subj: LIEUTENANT DELBERT C. NEWHOUSE; information concerning termination
of temporary appointment.

1. Forwarded for consideration.

2. During the period 27 August 1948, to 29 September 1949, while on
duty at the Bureau of Aeronautics General Representative, Central Dis-
trict Headquarters, Wright-Patterson Air Force Base, Dayton, Ohio,
Lieutenant Newhouse served as Bureau of Aeronautics liaison officer
with the Air Materiel Command in matters relating to procurement of
photographic items under the single-service purchase assignment which
was awarded to the Air Force by the Department of Defense. **53**

3. On 10 August 1949, the Head of the Procurement Branch of the
Photographic Division was ordered to sea duty and it became necessary
to obtain a suitable relief. Lieutenant Newhouse was ordered to this
duty in the Bureau of Aeronautics because of his exceptional qualifica-
tions and recent experience in procurement procedures gained while on
duty at Air Materiel Command Headquarters, Dayton, Ohio. He is now
serving as Head of the Procurement Branch, Photographic Division, during
which time his services have been entirely satisfactory.

6. Within my specialty I have been consistently ordered to duty of ever increasing responsibility from Photographic Officer of Naval Air Stations; through Photographic Liaison Officer of Naval Aviation Supply Depots; Staff Photographic Officer, Commander Utility Wings, Pacific; Staff Photographic Liaison Officer, Bureau of Aeronautics General Representative, Central District with the U.S. Air Force at Wright-Patterson Air Force Base; to my present assignment as Head, Material Procurement Branch under the Director, Photographic Division of the Bureau of Aeronautics.

7. While I appreciate the many problems which were faced by the Bureau of Naval Personnel and the Robinson Board in listing personnel to revert, it appears that reference (b), the governing directive, was not followed in my case. On these grounds it is requested that my case be re-examined.

IN REPLY REFER TO

23 November 1949

From: Lieutenant Delbert C. Newhouse, USN/177283/1350
To: Chief, Bureau of Naval Personnel
Via: Chief, Bureau of Aeronautics

Subj: Information concerning termination of temporary appointment

Ref: (a) BuPers ltr 177283/1350 dtd 12 Oct 1949
(b) BuPers C/L No. 148-49 dtd 15 Sept 1949

Encl: (1) Transcripts of portions of representative fitness reports

1. I received reference (a) on 25 October 1949 notifying me that my temporary appointment as lieutenant would terminate on 31 December 1949.
2. Reference (b) published the policy for the priority of reversion of temporary officers and asserted that it was highly desirable that reductions be effected on a logical basis, considering both the best interests of the service and the most equitable consideration of the temporary officers concerned. Paragraph 2(d) stated that temporary officers, permanent commissioned warrant, would be reverted in ascending order of retirement dates.
3. After receipt of reference (a), I have made a careful examination of my correspondence and fitness report files in the Bureau of Naval Personnel. Material of a possibly adverse nature was disclosed by this examination in that an officer's fitness report dated 29 February 1948 was checked in the unfavorable box and was signed by Captain J. C. Cronin, USN, then Commander Utility Wings, Pacific. A partial transcript thereof is appended hereto as Exhibit "A" of Enclosure (1). This was my first report from this command and covered the period from 23 October 1947 to 29 February 1948. I was transferred from the command on 1 July 1948 and a transcript of section 12 of my next and final fitness report from Captain Cronin is appended hereto as Exhibit "B" of Enclosure (1).
4. The balance of all my fitness reports have ranged from above average to superior and, almost without exception, have recommended retention in temporary rank, transfer to regular commissioned rank, and promotion when eligible. Exhibits "C" through "G" to Enclosure (1) are submitted as being truly representative of my fitness as an officer.

He is judged competent in the technical aspects of photography, but his performance of his administrative duties in both the photographic and operational departments is below average. He is not yet fitted for promotion.

Refs: (a) Your application for transfer to commissioned limited

(b) BuPers Circular Letter 175-47.

1. Your application for transfer to commissioned limited duty status has been carefully considered by the Selection Board convened by the Secretary of the Navy. I regret to inform you that your name was not included among those recommended for appointment. However, I wish to assure you that this decision is no reflection upon your performance of duty in the Navy; nor will it in any way affect your present status or preclude your making application and being considered by subsequent selection boards.

2. The number of applicants desiring transfer to commissioned limited duty status has been far in excess of the number of appointments which can be offered. Therefore, it was necessary for the Selection Board to recommend, from among eligible applicants, only those best qualified for appointment. The decision in your case was made after a careful review of your entire record and your qualifications as compared with those of other applicants of your rank and classification or enlisted rating.

3. The interest you have shown in pursuing a naval career represents an exemplary attitude of service and patriotism. The Navy is sincerely appreciative of your contribution toward maintaining the naval establishment at a high level of efficiency during the war, the demobilization period, and the continuing period of world unrest.

EXPLANATION OF SCORES

1. The scores are given in percentiles. The percentile scores run from 01 to 99 and indicate the percent of candidates receiving a lower score. Thus, if a candidate has a percentile score 63, 63 percent of the candidates taking the test made a lower score and 37 percent had the same or a higher score.
2. It should be noted that the total score percentile is not an average of the percentiles for the sections, but indicates a candidate's relative standing on the basis of his total test score. Candidates with a generally high record on the test will have a percentile on the total score that is higher than the average of their percentiles on the sections. Similarly, candidates with a generally low record on the test will have a lower percentile on the total score than the average of their section percentile scores.

The terms of the election may be modified or revoked prior to retirement, but any modification or revocation will not be effective if you retire within five years from the date of such modification or revocation.

My dear Senator Morse:

This is in further reply to your inquiry of 31 March 1959 concerning Chief Warrant Officer Delbert C. Newhouse, United States Navy.

Present plans are to detach Mr. Newhouse from the USS ESSEX (CVA-9) in July of this year and to transfer him to the Fleet Camera Party, Pacific at San Diego, California. Earlier detachment of Mr. Newhouse is not feasible due to the unavailability of a qualified replacement officer.

Your interest in this matter is appreciated, and it is hoped that the foregoing information may be of service to you.

By direction of Chief of Naval Personnel:

The U.S.S. ESSEX (CVA-9) bound South on a return voyage from Formosa to Mayport, Florida, via the Cape of Good Hope and southern latitudes; therefore, be it remembered that said vessel, and officers, and crew, have been inspected and passed on by his Imperial Majesty, Neptunus Rex and his Royal Staff and each found worthy to be membered as a trusty Shellback and having been duly initiated into the Ancient Order of the Deep.

To Formosa

Also be it known that said man participated in operations off the coast of Lebanon from 15 July to 21 August, 1958 while providing air coverage for United States troops landed by request of the Lebanese Government.

All items of this form MUST be completed and MAINTAINED CURRENT by all officers and enlisted personnel in accordance with the following: NAVY—BuPers Manual, Art. B2312; MARINE CORPS—Par. 4019, PRAM; U. S. COAST GUARD—Personnel Manual, Par. 13-B-14.

In the event you, the designator, should die, the persons or agencies named in items 10, 11, 12, 13, 14, and 19 will be notified unless item 15 shall indicate a person or persons NOT to be notified.

Should you become critically or seriously ill, or incapacitated to the extent that you cannot notify them, the persons named in items 10, 11, 12, 13, and 14 will be notified unless item 15 shall indicate a person or persons NOT to be notified.

Payment of any benefits and disposition of remains in case of death shall be in accordance with applicable law.

Item 10.—Enter full name and address of wife or husband. For wife, use given names, for example, "Marion Elizabeth Dawson." If the designator is single, divorced or widowed, so state.

Items 12 and 13.—The term "Father" and/or "Mother" shall be interpreted to include "natural," "step," "adoptive" and person who stood in "loco parentis" to the designator for a period of not less than 1 year at any time prior to designator's entry upon active service.

Item 14.—In the event that there is no other adult next of kin other than those named in items 10, 12 and 14, you may name a friend here. However, if a friend is named, he or she must be so identified.

Item 14a.—Enter under this item, the names of those persons who are in fact actually receiving more than 50 percent of their support from the designator. The information thus furnished shall be used in connection with other determinations of dependency under existing or future laws.

Item 16.—Enter the name, address, and relationship of beneficiary (or beneficiaries) whom you desire to receive the 6 months' death gratuity in the event you are not survived by a spouse or eligible child(ren). The succession of eligible survivor's as set forth in the "Servicemen's and Veterans" Survivor

Benefits Act," P. L. 881—84th Congress, is as follows: (1) Spouse; (2) Children (without regard to their age or marital status) in equal shares; (3) Parents or brothers or sisters (including those of halfblood and those by adoption), *when so designated*; (4) Parents in equal shares; or (5) Brothers and sisters (including those of halfblood or those by adoption) in equal shares.

NOTE:

The payment to either category (4) or (5) is in the event that a designation is not made under category (3).

The term "parents" includes "natural parents," "stepparents," "adoptive parents" and persons who stood in "loco parentis" to the designator for a period of not less than 1 year at any time prior to the designator's entry upon active service.

Item 17.—Enter name and address of the beneficiary or beneficiaries whom you desire to receive any unpaid pay and allowances (Arrears of Pay) due you at the time of death. There are no restrictions on who may be designated as a beneficiary or beneficiaries to receive unpaid pay and allowances and once a designation has been made it is binding until superseded by the completion of a later DD Form 93-1.

Item 18.—The "Missing Persons Act" provides that pay and allowances continue to accrue to the pay account of any service member for the period he is missing or captured and may be paid to the dependents for support. This item reflects your desires and is used as a guide in the disposition of your pay. Allotments to dependents and insurance companies initiated prior to entering a missing status are continued in effect unless unusual circumstances indicate changes.

Item 21.—The person assigned, by the commanding officer, the responsibility for interviewing the designator will, upon completion of the form, witness the designator's signature and sign in block 21.

Subj: Commendation for Operations performed during
Mediterranean and WesPac Deployment

1. The Commanding Officer is in receipt of many complimentary communications concerning the outstanding performance of ESSEX and Air Task Group 201 during the period 2 February to 17 November 1958.

2. During this period ESSEX and her embarked Air Group served as a striking unit of the Sixth Fleet in Mediterranean waters, and her aircraft provided initial and sustained air support for U. S. Marine landings in Lebanon from 15 July to August 1958. These operations, under wartime conditions, were performed by the men of ESSEX and ATG 201 with an outstanding degree of professional skill and devotion to duty.

3. Following this, ESSEX was deployed on an emergency basis to the Far East, where air operations in support of U. S. National policy during the Formosa crisis were conducted in the same outstanding manner.

4. Indicative of the performance of ESSEX and her Air Group are the following excerpts from various communications received:

a. In a letter of March 28, 1958, RADM N. S. HENDERSON, O.B.E., RN, Vice Naval Deputy, Supreme Headquarters, Allied Powers Europe who was on board observing operations, stated.... Lieutenant Newhouse is a quiet, reserved, and likable officer. He has had a difficult time adjusting himself to his duties on this staff, but he has earnestly endeavored to do so. If his experience in naval aviation had been wider, it is believed he would have performed his duties better. He has performed his technical duties as Photographic Officer well. His performance of administrative duties, both as Photographic Officer and as Assistant Operations Officer, has improved during the period of this report. LT NEWHOUSE is a reserved, cheerful and generally likeable officer. He is having a most difficult time adjusting himself to staff duty. He is judged competent in the technical aspects of photography, but his performance of his administrative duties in both the photographic and operational departments are below average. It is felt that his deficiency is principally due to his background and lack of experience in administration. He is making a sincere effort to correct this deficiency. He is not yet fitted for promotion.

This officer has wide experience in photography, much of it while he has been in the Navy but with additional background from civil life. He has extensive Navy service and is familiar with naval procedure. He is a steady, orderly, practical type of average intelligence but his dependable and conscientious and performance and his administrative qualities are above average. He can be trusted with responsibility. He has a sturdy physique and a healthy common-sense outlook that fit him for any kind of duty, and is excellent material for an eventual rank in the regular Navy. Recommended for promotion when due.

MEMORANDUM FOR THE FITNESS REPORT JACKET OF:

NEWHOUSE, Delbert C.
NAME

PHOTO USN
GRADE

177283
FILE NO.

7 March 1943 to 14 June 1943
PERIOD OF REPORT

1. (X) It was not considered appropriate to attempt to obtain the fitness report for the above period in view of the time elapsed and the probability that such a report, depending for its accuracy upon the memory of the reporting senior over such a period of time, would not be of significant value in the evaluation of the officer concerned.

() Efforts to obtain a fitness report for the above period have been unsuccessful because the reporting senior is unavailable, or the nature of the duty performed was such that the identity of the reporting senior could not be determined from the information available. Experience indicates that correspondence with officers higher in the chain of command would result in a report of little or no value due to lack of opportunity for observation.

2. A review of the officer's record on file in this Bureau for the above period shows:

X No pertinent information.

 The following pertinent information:

3. The officer was assigned the following duties during the above period:

On Staff, Office of Commandant, FIFTEENTH Naval District.

4. This memorandum is being filed in lieu of a fitness report for the above period. The Judge Advocate General has confirmed the legality of this procedure.
